Design & Brand Guidelines

Brand Personality

Highly credentialed expert who is authentic, accessible, supportive, actionable, unexpected, caring, wise, direct, funny.

Formality: 6.5/10 - Professional but approachable

Visual Design

Approach: Clean, content-forward design with strategic visual interest

Typography: - Client brand fonts (from brand kit) - Generous line spacing - Clear hierarchy (H1, H2, H3, body) - Minimum 16px body text

White Space: - Generous margins and padding - Uncluttered layouts - Clearly defined sections

Color: - Client brand palette (from brand kit) - Strategic pops for CTAs - High contrast (WCAG AA minimum)

Visual Elements: - Custom graphics/icons - Illustrations/abstract shapes for section breaks - Minimal photography (1-2 client photos, not prominent) - No stock photos

Layout: - Scannable section-based design - Clear visual hierarchy - Consistent spacing - Grid-based structure

Avoid: - Slider carousels - Excessive animation - Auto-playing video - Busy backgrounds - Too many competing CTAs

Brand Kit

Client provides after hire: - Logo files - Color palette (hex codes) - Typography specs - Brand personality details - Design elements to avoid

Photography

- Maximum 1-2 client photos on entire site
- Not focal points
- No stock photography

Tone

- Small pops of humor in copy
- Direct, unexpected statements in headlines
- Professional credibility maintained
